

If you've enjoyed *The Anarchist Cookbook*, you'll want *The Survival Bible* by Duncan Long

Duncan Long prepares you for any crisis, natural or man-made: nuclear war; storms; floods; economic collapse; or high-tech terrorism.

The Complete Book of Survival gives you knowledge and skills to cope with any problem, natural or made-made, that might come your way. It provides extensive checklists to monitor your progress to preparedness.

Don't take a chance with your future! Be prepared!

Duncan Long shows you how to recognize the signs of impending disaster... How to stockpile food and supplies... How to maintain personal and household security.

This 219 page companion book to **The Anarchist Cookbook** is a large-size (8 1/2 x 11) trade paperback and is available at your local booksellers. Or send \$64.90 (\$59.95 plus \$4.95 for postage and handling) to:
Ozark Press, LLC.

WARNING!!

Read this book, but keep in mind that the topics written about here are illegal and constitute a threat. Also, more importantly, almost all the recipes are dangerous, especially to the individual who plays around with them without knowing what he is doing. **Use care, caution, and common sense.** This book is not for children or morons.

—William Powell

THE ANARCHIST COOKBOOK

by William Powell
with a prefatory note on
Anarchism Today
by P. M. Bergman

The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day.

Says the author:

"This book . . . is not written for the members of fringe political groups, such as The Weathermen, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book."

In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts.

There is detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers.

There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to submachine guns to bows and arrows.

The section on explosives and booby traps ranges from TNT to whistle traps.

One hundred and eleven drawings supplement the recipes.

"This book is for anarchists," says William Powell, "those who feel able to discipline themselves on all the subjects (from drugs, to weapons, to explosives) that are currently illegal and suppressed in this country."

Techniques, disciplines, precautions, and warnings pervade what may be the most disquieting "how-to" book of contemporary times.
